The fluctuations that have taken place have not, however, been to any extent. Bank of New South Wales shares are firmer, and have improved 10s to 20s. per share. Commercial Bank have declined 5s. per share on last sales. Australian Joint Stock Bank shares are heavy of sale; the new shares have been sold at a decline of 1s. 6d. to 5s. per share. Sydney Insurance shares are not quite so firm, and have been sold at auction at a decline of 2s. 6d. per share; but at this rate there are plenty of buyers. The following are the prices at which sales have been effected:—Bank of New South Wales, £39 10s. and £40 6s. per share; Commercial Bank, £48 5s. per share; Australian Joint Stock Bank shares (new), £8, £8 5s., and £8 10s. 6d. per share; Australian Gas Light Company, £11 17s. 6d. per share; New, £6 per share; Sydney Insurance Company, £22, £21 17s. 6d. per share; Hunter River New Steam Navigation Company, £10 per share.

A notice appears in to-day's *Gazette* that the following Government debentures, falling due in 1890, will be paid off at the Treasury, in Sydney, on the dates respectively set forth, and after which dates no further interest will accrue on the said debentures. Business during the week has been dull, and in most of our markets there has been great inactivity. In sugars and teas, however, some large transactions have taken place at a decline on previous rates. The following is the latest report of the state of our markets.

WHEAT.—The market continues very much depressed, and sales are with difficulty effected. The millers have not altered their quotations this week. They still quote fine flour at £22 per ton, and seconds at £20 per ton. The cargoes of wheat ex Melbourne and Caroline, were sold at 7s. 6d. per bushel. Colonial wheat is quoted nominally at 6s.

LIQUIDS.—Whisky continues firm, and Martell's is sold from 9s. 6d. to 10s. Rum is still very dull of sale, 30 s. p. is offered at 4s. 3d. to 4s. 6d. Geneva has declined in price, and low strengths and small quantities, cannot be quoted higher than 14s. 6d. to 15s.

In wines there have been no sales of any importance. Ale in bulk is firmer and Bass's No. 3 is quoted at 27 10s. to 27 15s. Porter in bulk continues dull of sale. Bottled ale and porter are without any alteration; first brands are worth from 9s. to 9s. 3d.

TEA.—The market is very much depressed, and the heavy arrivals lately to hand, during the last fortnight five cargoes have arrived, and this has had the effect of preventing the trade from purchasing except to meet present requirements, believing that prices must give way. On the other hand, the news from England of war with China was considered by some as certain to cause a rise; and as this feeling is participated in by some of the large holders, a great portion of the tea arrived will not be forced into the market for sale. Sales of the congeneric ex Clara Novello have been made at 27 to 27 12s. 6d. per chest. All the boxes by the same ship, as well as those by the Progressive Age, have been taken to 28s. to 30s. We hear that 28 10s. per chest was offered for a portion of the finest samples of tea per Progressive Age, and refused.

COFFEE is a little firmer. Java is quoted at 8½d to 9d., and Manila 9d. to 9½d. per lb., duty paid.

RICE is lower, and sales of Patna have been made at £19 to £19 10s. per ton. Java, £10 to £10 10s. per ton.

SUGARS are dull of sale, and prices rule lower. Mauritius sugars have been sold at lower rates. Pampanga is quoted at £31 to £32 per ton. CANNERS are a shade better. Belmonts are worth 16d. to 16½d.; Nevins, 14½d. to 15d.

SALT.—Dairy salt is very scarce, and is quoted at 2s. to £10 per ton. Some large parcels have been sold to arrive; Liverpool salt is in great demand, and is worth from 2s. to 2s. 5s. per ton.

OLIVE OIL.—There has been a steady demand for almost all the supplies under this heading, but prices remain unaltered.

PROVISIONS.—Bacon and Hams: For good parcels there is a tolerable demand, and prices range from 13d. to 13½d. North White cheese is without any alteration in price.

DEER FRUITS.—Currants are a shade better, and are quoted at 5d. to 5½d. per lb. Raisins, 7½d. to 8d. per lb. Figs are very scarce, and are without any alteration in price.

DRAPEY.—Our stocks are heavy, and, with the exception of seasonable goods, the demand for most articles is slack.

METALS.—There is no alteration to notice in the prices of articles under this heading.

By the Wonga Wonga we have Melbourne papers to the 22nd instant. The amount of gold-dust received by escort during the week was 87,334 ounces. From the *Argus* of the 21st and 22nd of November we take the following:—
